HOFMAN

Complete

**Model S2832L
Adj Legs, Xtra Railing**

A three-step metal staircase with wooden handrails and carpeted treads. The staircase is positioned in front of a white door. The handrails are made of dark wood and are supported by black metal posts. The treads are covered in a light brown, textured carpet. The metal frame is black and features a central X-shaped support structure. The entire unit is mounted on four black feet.
